## DIRECTORY OF USSR MINISTRY OF DEFENSE AND ARMED FORCES OFFICIALS

A (CR) 75-41

(Supersedes A (CR) 75-14)

November 1975

P R E F A C E

This publication is a functional reference guide to leading officials of the Soviet Ministry of Defense and the Armed Forces. Names and positions contained herein reflect information received as of 4 September 1975. Two dates follow an individual's name. The first indicates the date of appointment to his listed position; however, when the date is preceded by the letter "i." (identified), the appointment date is not known and the date given is the earliest on which the official is known to have held the position. Only partial dates are given when exact dates are not known, e.g., when identification appears in a book or a periodical. The second date, preceded by the letter "b.," represents the year of birth for the official when known.

An organizational chart of the Ministry of Defense appears on page vii. A key to the Soviet military rank abbreviations used in this publication begins on page 65. The ranks reflect Soviet nomenclature rather than US military equivalents, and Russian terms are included in the key.

This publication supersedes *Directory of USSR Ministry of Defense and Armed Forces Officials* A (CR) 75-14, April 1975.
